## Heritage Ohio

### We Have Moved!

After 20 years at E. Main Street Heritage Ohio has moved in as a tenant of the Ohio History Connection. We have reduced our overhead expenses, the office space is fully accessible, and we have great new collaboration opportunities with our friends at the Ohio History Connection and the State Historic Preservation Office.

The building is considered brutalist architecture designed by W. Byron Ireland, and opened in 1970. We feel fortunate to be associated with this iconic mid-century modern history.

## A Look Back at 2020: Embracing the "New Normal"

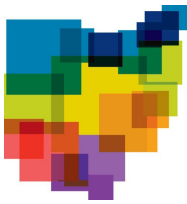

We Hosted:

**25 Webinars &**

**Virtual Conferences:**

20 Educational Sessions

8 Networking Sessions

**50+ Total Virtual Info  
Events**

➔ **3,500+** people  
attending our  
events live!

## A Year of Webinars!

In a typical year, Heritage Ohio would make at least 16 visits around the state helping to introduce building owners and officials on how to use historic tax credits to revitalize their buildings and communities. In the absence of travel—we hosted webinars: in April Historic Tax Credits 101 and Historic Tax Credits 201 had 213 people attend live. We hosted three webinars on understanding the Secretary of Interiors Guidelines for Rehabilitation. As part of our Annual Conference, we hosted several more sessions on using historic tax credits. We were able to reach more people due to the virtual opportunities!

## Our Mission:

As Ohio's official historic preservation and Main Street organization, Heritage Ohio fosters economic development and sustainability through preservation of historic buildings, revitalization of downtowns and neighborhood commercial districts, and promotion of cultural tourism.

We strive to help Ohioans to save the places that matter; build community; live better.

# WHAT WE LEARNED IN 2020

## A Year to Remember

At Heritage Ohio, we worked harder than ever to move the ball forward during an extraordinary year. Main Street is resilient and the right program to help in the Economic Vitality of their downtowns. The boards and managers took on projects that would help sustain the local businesses and provide resources and entertainment for the local community. Investing locally means more than shopping. Over **3500** participants attended our programs; virtual programs allowed so many more people to join in on our offerings.

## Key Awards During 2020:

▶ **\$500,000 Ohio Main Street Grant Program.** Dollars distributed in grants to businesses to encourage improvements to their buildings: outdoor patios, new signage and facade improvements.

*Before and After images of Gather in Delaware Ohio.

▶ **\$556,000 National Park Service Paul Bruhn Grant** to assist four communities help fund transformative projects in their rural community.

# 2020 REVITALIZATION

## **Tiny Investment with a Big Impact!**

We are so happy to share that Heritage Ohio received a **\$500,000** appropriation in the biennial budget 2019-2021. This appropriation established a small grant program for building improvements in Ohio Main Street Communities. Each Main Street community program applied for \$20,000 to help

buildings and or business owners with small building improvements including but not limited to:

the exterior, including roofs, masonry repair, or signage; tenant improvements on the interior or patio build outs; or upper floor housing improvements. Though many projects have yet to be completed in 2021, we have been able to fund 141 projects: the realized leveraged numbers currently running \$1: \$1.6.

Small projects were funded which have no support system from other funding sources, yet have economic impact and help revitalize the historic downtown district. With the pandemic hitting in 2020, these grants made even more of an impact to the businesses, communities, and people of the Main Street cities.

**"We were thrilled to be one of the recipients of this program. The impact of this grant will be felt for years to come. We are grateful for all that you do, especially during this difficult year."-Micah Roberts, Owner, Erie & Anchor in Vermilion, OH.**

## THE OHIO MAIN STREET PROGRAM

The National Main Street Center was formed in 1980, and Heritage Ohio became the coordinating agency for Ohio in 1997. Currently there are 22 programs enrolled in the program. The Ohio Main Street Program is local grassroots driven revitalization program, led by a local Board of Trustees which employs a professional executive director. These programs are accountable through an annual evaluation process to receive National Accreditation. Enrollment fee is \$3,950/year.

## JOYCE BARRETT NAMED PRESERVATION ACTION'S HERO OF THE YEAR!

### Joyce Barrett

was named Preservation Action's inaugural Preservation Action Hero of the year. Joyce has served as the Executive Director of Heritage Ohio since 2007. Ohio volunteers have been a powerhouse in advocacy at the federal level, always garnering the most co-signers to historic preservation bills and leading a large delegation from Ohio to Washington, DC every year for Preservation Advocacy Week.

Briana Paxton Grosicki, Board Chair of Preservation Action presents the Preservation Hero recognition to Joyce Barrett

## During this unprecedented year, Heritage Ohio is grateful to the additional support received.

These programs allowed our organization to maintain operations and provide services to Ohio communities through educational programming and technical services.

# 2020 PRESERVATION

## Paul Bruhn NPS Grant of \$556,327 Award!

In 2020, Heritage Ohio partnered with Ohio History Connection to apply for funding through the Paul Bruhn Historic Revitalization Grants Program administered by the National Park Service. We were thrilled to learn in August that our application had been approved! In 2021, we'll be re-granting funds to National Register-listed buildings in Main Street communities through a competitive application process. Stay tuned as these funds assist small-scale building owners with needed brick and mortar funding.

## Heritage Ohio holds 16 easements across the state.

Easements protect the historic character of a building in perpetuity.

A formal agreement is made between the building owner and Heritage Ohio which becomes part of the deed record for the property.

Heritage Ohio conducts annual inspections to ensure continued building preservation.

Easements can include important interior spaces.

Owners who gift easements to Heritage Ohio may qualify for a tax deduction.

# 2020 ADVOCACY

One of the most important roles Heritage Ohio plays is building and maintaining relationships with elected officials, making sure they know how various preservation programs work to save the places that matter.

## Statehood Day

Statehood Day took place February 26, 2020. Heritage Ohio paired up with the State Historic Preservation Office for a team of 13 to make visits to 23 state legislative offices, promoting the success of the Ohio Historic Preservation Tax Credit; advocating for protecting human burial places; and Poindexter Village to be designated as a historic site. We were honored to recognize the important work State Senator Tim Schaffer has done for Appalachia, historic preservation and Ohio Main Street communities, by conferring the Heritage Award.

## Federal Lobby Day

The preservation movement held their Preservation Lobby Days March 11, 2020, the last day the capitol was opened before the COVID-19 pandemic shut things down. Governor DeWine had cancelled all out-of-state travel for employees, so that left a team of 9 to make visits to 17 Ohio representatives.
