

## Save Ohio's Treasures

### *Preservation through Prevention*

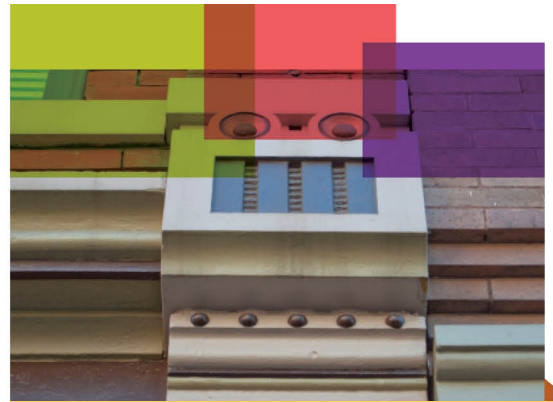

Across Ohio, important local landmarks are being lost due to deferred maintenance, disinvestment, and a lack of dedicated funds to save these key community assets.

**Save Ohio's Treasures** is a below market-rate, revolving loan fund that supports historic preservation projects across Ohio. Thanks to the generous support of The 1772 Foundation, Heritage Ohio is pleased to offer this important funding resource for qualified properties in Ohio.

Our approach is **Preservation through Prevention**; to stabilize properties, to make them safer, and to ensure that they are ready to be returned to a functional use.

Save Ohio's Treasures targets historic commercial and/or mixed use, downtown structures for redevelopment through targeted investments in mechanical systems, roofs, structural needs, and more.
